Tailwind CSS Custom Scrollbar

Alternative scrollbar designs for the browser's scrollbar.

Basic usage

The following example creates a thin (8px wide `&::-webkit-scrollbar:w-2``) scrollbar, which has a gray track/bar color `&::-webkit-scrollbar-track:bg-gray-100`` and a darker-gray `&::-webkit-scrollbar-thumb:bg-gray-300`` handle

Item 1

This is some placeholder content for the scrollspy page. Note that as you scroll down the page, the appropriate navigation link is highlighted. It's repeated throughout the component example. We keep adding some more example copy here to emphasize the scrolling and highlighting.

Item 1-1

This is some placeholder content for the scrollspy page. Note that as you scroll down the page, the appropriate navigation link is highlighted. It's repeated throughout the component example. We keep adding some more example copy here to emphasize the scrolling and highlighting.

Item 1-2

This is some placeholder content for the scrollspy page. Note that as you scroll down the page, the appropriate navigation link is highlighted. It's repeated throughout the component example. We keep adding some more example copy here to emphasize the scrolling and highlighting.

```
[&::-webkit-scrollbar-track]:bg-gray-100
[&::-webkit-scrollbar-thumb]:bg-gray-300
dark:[&::-webkit-scrollbar-track]:bg-neutral-700
dark:[&::-webkit-scrollbar-thumb]:bg-neutral-500">
...
</div>
```

Rounded corners

Add rounded corners to track/bar `[&::-webkit-scrollbar-track]:rounded-full`` and to the handle `[&::-webkit-scrollbar-thumb]:rounded-full``

Item 1

This is some placeholder content for the scrollspy page. Note that as you scroll down the page, the appropriate navigation link is highlighted. It's repeated throughout the component example. We keep adding some more example copy here to emphasize the scrolling and highlighting.
